

RECYCLING

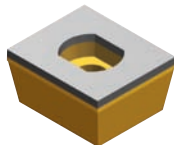

Grind down your cost to grind it up.

No matter what your machine type or application,
we offer a tip to optimize your output...

➤ **KenCoat™ Overlay**

Get up to 50% more wear life versus
other embedded-style products!

➤ **KenCast™ Technology**

For superior wear and fracture resistance in
asphalt, shingle, and other extreme recycling!

➤ **Brazed-On Carbide**

Premier-quality Kennametal tungsten carbide
inserts securely attached to a forged body!

*Kennametal will significantly boost your
grinding productivity and profitability!*
